Docklands has undergone a major transformation since the beginning of its redevelopment in the early 2000s. The former dock and port area is now a major office and residential precinct. It is also home to Etihad Stadium, Southern Cross Station, Harbour Town and the Melbourne Star Observation Wheel.

**ABOUT CLUE**
The Census of Land Use and Employment (CLUE) provides a portrait of the changing nature of life in our city. CLUE offers information about economic activity, tracks changes in land use, and identifies key trends in employment. The small area reports and whole-of-municipality summary report are based on information collected from businesses in the municipality.
